[Sponsored advertising in labor markets: Evidence from a field experiment](#)

(with John Horton, Prasanna Parasurama, and Diego Urraca)

Under review

[Costly capacity signaling increases matching efficiency: Evidence from a field experiment](#)

(with John Horton, Prasanna Parasurama, and Diego Urraca)

Management Science, major revision

[Large language models as simulated economic agents: What can we learn from homo silicus?](#)

(with John Horton and Benjamin Manning)

Review of Economics and Statistics, major revision

[The surprisingly low cost of free goods: Evidence from a field experiment](#)

(with John Horton, Richard Zeckhauser, and Prasanna Parasurama)

Working paper

[Altruism can ruin reputation systems](#)

(with John Horton)

Working paper

[The tragedy of your upstairs neighbors: Externalities of home-sharing](#)

(with John Horton)

Working paper

[The production and consumption of social media](#)

(with John Horton, Elliot Lipnowski, and Prasanna Parasurama)

Management Science, Forthcoming

[The limits of centralized pricing in online marketplaces and the value of user control](#)

(with Srikanth Jagabathula and Arun Sundararajan)

Management Science, 2023

Reputation inflation

(with Joseph Golden and John Horton)

Marketing Science, 2022

Owning, using and renting: Some simple economics of the “sharing economy”

(with John Horton and Richard Zeckhauser)

Management Science, 2020

Strength in numbers: Using big data to simplify sentiment classification

(with Theodoros Lappas)

Big Data, 2017

In proceedings

Advertising as coordination

(with John Horton, Prassana Parasurama, and Diego Urraca)

ACM Transactions on Economics and Computation (EC), 2024

Large language models as simulated economic agents

(with John Horton and Benjamin Manning)

ACM Transactions on Economics and Computation (EC), 2024

Decomposing the signaling and ranking effects of sponsored Advertising

(with John Horton, Prassana Parasurama, and Diego Urraca)

ACM Transactions on Economics and Computation (EC), 2024

The production and consumption of social media

(with John Horton and Elliot Lipnowski)

ACM Transactions on Economics and Computation (EC), 2022

Managing market mechanism transitions: Decentralized pricing vs platform control

(with Srikanth Jagabathula and Arun Sundararajan)

ACM Transactions on Economics and Computation (EC), 2019

Reputation in the long-run

(with Joseph Golden and John Horton)

ACM Transactions on Economics and Computation (EC), 2018

The tragedy of your upstairs neighbors: Is the externality of Airbnb internalized?

(with John Horton)

ACM Transactions on Economics and Computation (EC), 2017

Pricing in the sharing economy: Pricing with awareness-generating adoptions

(with Arne Rogde Gramstad)

International Conference of Information Systems (ICIS), 2016
